Sarah Blashe brought up a concern regarding the kilowatt usage. The concern is from November 2017 to present. She presented the comparable back to 2015. The power company that is used at church is: Central Wisconsin Electric Co-Op in Iola. It was discussed to possibly contact the Co-Op and see if someone could come out to see if the meter is properly working.

Sarah Blashe also brought up a recent Unemployment form that would be required to be filled out by the church. Further information will be checked in to before the form will be filled out

New credit card was received with Brandon Blashe's name on it. It was decided to hold on to it in case there is a need in the future. The cards are used to order items online rather than members having to use their own credit card.

Old Business:

Pastor Janice did do a recording for WJMQ and was sent to WJMQ on Sunday. There was no update regarding the cracks in the wall that was previously reported.

New Business:

Jackie Baldwin received a call from someone at Schultz's Café and Bluebird Café from the Tigerton and Clintonville area. They are looking to see if the church would like to purchase a square on a placement for advertising. For a 3" x 2 ½" would be \$120.00 for approximately 2,000 placements. The business normally prints up placements two or three times per year. A

4" x 2 ½" would be \$140.00. Council members decided not to purchase at this time but may consider possibly in the fall.

Jackie Baldwin reported attending church when she was vacationing in Florida and at that church she visited they had an insert in their bulletin for pastor Appreciation Day. Just letting council members know that this may be something we would like to do at St. Peter's.

Next council meeting: April 18, 2018 at 5:00 p.m.

Motion to adjourn was made by Jackie Baldwin and seconded by Tina Schultz.

Approved by a voice vote.

Respectfully submitted,

Kris Zillmer
